Polaris Global Value Fund Wins Lipper Awards

Best in Category for 3- and 5-Year Periods

(BOSTON, MA., April 1, 2015) -- Polaris Capital Management, LLC, a leading global and international equity manager headquartered in Boston, announced today that Polaris Global Value Fund (PGVFX) received two 2015 Lipper Fund Awards in the global multi-cap value fund category.

The Polaris Global Value Fund posted the strongest trend of returns for the 3- and 5-year periods at 19.76% and 13.74% respectively, through December 31, 2014. In the Lipper Universe, a total of 75 funds over a three-year period, and 57 funds over a five-year period, were eligible for this category distinction. The Fund has been recognized by Lipper many times in the past, including 2014, entering the rankings for 3-, 5- and 10-year periods.

Performance data quoted represents past performance and is no guarantee of future results. Current performance may be lower or higher than the performance data quoted. Returns for more than one year are annualized. Investment return and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than original cost. For the most recent month end performance, please call (888) 263-5594. As stated in the current prospectus, the Fund's annual operating expense ratio is 1.32%. The Fund's annual operating expense ratio has been reduced to 0.99%, effective as of January 1, 2014 through April 30, 2015, due to the Adviser's contractual agreement to waive its fee and/or reimburse expenses to limit Total Annual Fund Operating Expenses. Shares redeemed or exchanged within 180 days of purchase will be charged a 1.00% fee. Fund performance returns shown do not reflect this fee; if reflected, the returns would have been lower. Short-term performance, in particular, is not a good indication of the Fund's future performance, and an investment should not be made based solely on returns.

"An unwavering commitment to pure value investing — time-tested over more than 25 years — has been the key to success in the Polaris Global Value Fund. That dedication remains today, with our investment team conducting extensive bottom-up stock research to find potential holdings, diversified across country, industry and market capitalization, that we believe are the most undervalued in the world," commented Polaris Capital President and Portfolio Manager Bernard Horn Jr. "We are strong proponents of this strategy, having invested not only significant time in the formulation of this strategy, but also personal assets in the Fund. Very simply, our interests align with our clients. We are pleased that Lipper has once again recognized us for these efforts."

The Polaris Global Value Fund is a diversified no-load global mutual fund that attempts to provide above average return by investing in companies with potentially strong sustainable free cash flow or undervalued assets. Fund management uses proprietary investment technology combined with Graham & Dodd style fundamental research to build a Fund portfolio of 65 to 100 stocks that meet Polaris' strict value criteria. About Polaris Capital Management

Polaris Capital Management, LLC is a leading global and international value equity manager, serving the investment needs of institutions and individuals since 1995. Polaris has one of the longest global and international equity track records of any firm presently in operation and continuously managed by the same individuals. As of December 31, 2014, the firm managed \$5.6 billion for a growing number of institutions, retirement plans, insurance companies, foundations, endowments, and high-net-worth individuals.

About Lipper Fund Awards

Lipper Fund Awards are based on Lipper's Consistent Return calculation. Lipper scores for Consistent Return reflect funds' historical risk-adjusted returns relative to funds in the same Lipper classification and include each fund's expenses and reinvested distributions, but exclude sales charges. Consistent Return values are calculated with all eligible share classes for each eligible classification. The highest Lipper Leader for Consistent Return value within each eligible classification determines

the fund classification winner over three, five or 10 years. Lipper, a Thomson Reuters company, is a leading global provider of mutual fund information and analysis to fund companies, financial intermediaries and media organizations. Additional information is available at www.lipperweb.com.

The Fund invests in securities of foreign issuers, including issuers located in countries with emerging capital markets. Investments in such securities entail certain risks not associated with investments in domestic securities, such as volatility of currency exchange rates, and in some cases, political and economic instability and relatively illiquid markets. Options trading involves risk and is not suitable for all investors.

On June 1, 1998, a limited partnership managed by the Adviser reorganized into the Fund. The predecessor limited partnership maintained an investment objective and investment policies that were, in all material respects, equivalent to those of the Fund. The Fund's performance for periods before June 1, 1998, is that of the limited partnership and includes the expenses of the limited partnership. If the limited partnership's performance had been readjusted to reflect the first year expenses of the Fund, the Fund's performance for the periods prior to June 1, 1998, may have been lower. The limited partnership was not registered under the Investment Company Act of 1940 ("1940 Act") and was not subject to certain investment limitations, diversification requirements, and other restrictions imposed by the 1940 Act and the Internal Revenue Code, which, if applicable, may have adversely affected its performance.

Before investing you should carefully consider the Fund's investment objectives, risks, charges and expenses.
